DAYMARK

Good mornings.
Thoughtful emails.

A three-message lifecycle concept for a fictional coffee brand. Visual direction, modular Figma design, responsive HTML and a transparent handoff.

SELF-INITIATED / AI-ASSISTED / NO LIVE CAMPAIGN RESULTS

A message for each moment.

Concept flow. Purchase or unsubscribe exits the sequence. These rules have not been connected to an email platform.

On confirmed signup

Welcome

Send after confirmed signup. Exit this sequence on purchase or unsubscribe.

Subject: A better morning starts here.

Day 3 / no purchase

Product spotlight

Proposed: send 3 days after signup only when subscribed and no purchase is recorded.

Subject: Meet the coffee for your everyday.

Day 30 / no click or purchase

Preference reset

Proposed: one message after 30 days without a click or purchase. Suppress after another 14 inactive days.

Subject: Keep a little room for DAYMARK?

MEASURE / Primary CTA clicks and product visits. Treat purchase conversion as a future instrumented outcome. No measurements have been collected.

One system. Many messages.

Shared header, footer, CTA, photography and feature cards. Layout is native and editable; HTML exports use presentation tables and inline styling.

Find your first coffee

Choose your emails

Coffee, without the guesswork.

A few well-chosen coffees with clear tasting notes.

Rituals you can keep.

Simple brew notes for better everyday cups.

brand / #2547A8

surface / #F5F0E7

butter / #F2DFA1

text / #1F2A44

panel / #E7ECF9

TYPE / Arimo + Tinos in Figma. Arial/Helvetica + Times in the HTML build. Check actual text reflow in the selected email clients.

REVIEW / Browser render checks, not a Gmail/Outlook/Apple Mail test suite. Configure real links, merge fields and sender details before any send.
